

California State Employees Association

NEW AUTO DEALER LIST

OCTOBER 2012

Your CSEA Member Benefits/Services new auto referral program provides you a way to purchase a new car without all of the "showroom hassle" and at a good discount. *The dealers listed below have stated that they will provide this type of service.* Many have been referred by your fellow members. Please do the following when contacting a listed agency:

- Decide on the make and model and accessories you want.
 - Call the person on this list as the agency contact person for an appointment.
 - Deal only with the person listed as the agency contact person. Do not discuss a purchase with showroom sales personnel. If the listed contact person is no longer with the agency, please call us at (800) 952-5283
- Note: This list is updated every month. Be sure to call for the current list.**
- Take this listing with you to identify yourself as a member of CSEA.

We need your help to expand this referral program. You're the best source for telling us the auto agencies in your area that should be part of this service. If you call our office at (800) 952-5283 (or use the referral slip found on the last page of this listing) and give us an agency's name—we'll take it from there. Working together we can establish an excellent state-wide referral service!
